REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The present invention is an improvement of the prior art Figs. 1 and 2 contained in this application. The improvement is aimed at reducing the dimension of the cell-fixing surface from a flat extended configuration to a reduced surface having a convex shape portion by which a high efficiency of light emission is achieved due to a decrease in light absorption by the cell-fixing surface of a reduced size.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
